

Sales Report

Overall, Sale Snapshot		
Particulars	Yesterday	MTD
Gross Sales	28609797	554732642
Sales Return	1061246	12548927
Net Sales	25379535	506129511
Target	17750000	532500000
Achievement (%)	143%	95%

Yesterday's performance was **strong**, with **Net Sales of ₹25.38 million**, achieving **143% of the daily target**. This indicates effective execution and positive short-term sales momentum.

On a **Month-to-Date (MTD)** basis, **Net Sales stand at ₹506.13 million** against a target of **₹532.50 million**, translating to **95% achievement**. While overall performance remains healthy, there is a **5% gap** to target at this stage of the month.

Sales returns remain **within a manageable range** relative to gross sales, and current run-rate suggests that **sustaining recent daily performance levels is critical** to closing the remaining gap and achieving the monthly target.

Sales Report

Region / Branch Wise Sales					
Region / Branch	Yesterday Sales	MTD Sales	Target	Variance	Contribution
EAST	4297935	105373867	155000000	49626133	24%
WEST	5994574	108830298	180000000	71169702	25%
NORTH	3841943	117651703	72500000	-45151703	27%
SOUTH	5494611	111651154	125000000	13348846	25%
Total	19629063	443507021	532500000		100%

Yesterday's sales were **broad-based across regions**, with the **West and South** contributing the highest daily sales, followed by **East and North**, indicating balanced short-term performance.

On an **MTD basis**, total sales stand at **₹443.51 million** against a target of **₹532.50 million**, reflecting an overall **shortfall of ₹89.0 million**. **North region is the only region exceeding its target**, delivering **₹117.65 million against a target of ₹72.50 million**, resulting in a **positive variance of ₹45.15 million**.

East, West, and South regions remain below target, with the **West region showing the largest gap** (₹71.17 million), followed by **East** (₹49.63 million) and **South** (₹13.35 million). Despite this, contribution remains evenly distributed across regions, each contributing approximately **24–27%** of total MTD sales.

Overall performance indicates **regional imbalance in target achievement**, with **North offsetting underperformance in other regions**. Closing the monthly gap will require **accelerated sales momentum in West and East regions**, where the largest variances exist.

Sales Report

Channel Wise Sales			
Sales Channel	Yesterday	MTD	% Share
Online	9564642	120479568	24%
Retail Store	4400555	113364361	22%
Distributor	5792821	140970851	28%
Direct Sales	5621517	131314731	26%
Total	25379535	506129511	100%

Sales performance is **well diversified across channels**, reducing dependency on any single channel. On a **Yesterday** basis, **Online and Distributor channels** contributed the highest sales, indicating strong short-term demand from digital and partner-led channels.

On an **MTD basis**, total sales stand at **₹506.13 million**, with **Distributor** being the **largest contributing channel** at **28% (₹140.97 million)**, followed by **Direct Sales** at **26% (₹131.31 million)**. **Online sales** account for **24% (₹120.48 million)**, while **Retail Stores** contribute **22% (₹113.36 million)**.

The balanced contribution mix across channels suggests **portfolio stability**, with no over-concentration risk. Sustaining momentum in **Distributor and Direct Sales channels** will be key to maintaining overall MTD performance and supporting achievement of the monthly target.

Sales Report

Product / Category Wise Sales				
Product / Category	QTY Sold	Sales Value	MTD Sales	Margin
Clothing	13776	301259982	65595448	13%
ElectronicS	14926	354366514	85140544	17%
Furniture	15151	362195071	92893076	18%
Home Appliances	14955	332665564	91090346	18%
Sports Equipment	16011	379932836	81933252	16%
stationery	14915	330474350	89476845	18%
Total	89734	2060894317	506129511	100%

MTD sales of ₹**506.13 million** are **evenly distributed across categories**, indicating a balanced product mix. **Furniture, Home Appliances, and Stationery** deliver the **highest margins (~18%)**, making them the most profitable categories.

Sports Equipment leads in volume but operates at **lower margins (16%)**, while **Clothing** shows the **lowest margin (13%)**, indicating pricing or cost pressure.

Overall, profitability is driven by **Furniture and Home Appliances**, while **Clothing and Sports Equipment** require margin improvement focus.
